

COMPANY PROFILE

2021
EDITION

ENERGICOTEL "ECTL" PLC, a member of EPC Africa Group, is an Independent Power Producer (IPP) and an Engineering Consulting Company with Power Purchase Agreements and Concessions to design, build, upgrade, finance, operate, and maintain power plants in Africa.

Our vision and mission are to effectively contribute to design, build and maintain affordable power generating infrastructures in all corners of the African Continent using renewable energy resources; restoring and protecting the environment.

Our core focus under ECTL are:

- Power generation (Hydro, Solar & Gas).
- Power plants operation & maintenance services.
- Repair and upgrade of power systems & capacity building of technical personnel.

Power Plants Overview

Currently, ECTL operates three (3) Hydro Power Plants with a total combined capacity of 3.2MW; Keya, Nkora & Cyimbili.

3 HPPs
(Keya, Nkora & Cyimbili)

3.2 MW Capacity

KEYA

Keya HPP is located in Nyundo Sector, Rubavu District in the Western Province of Rwanda.

The largest of ECTL's HPPs.

Keya became operative in 2012 with an installed capacity of 2.2MW.

Capacity factor in 2020 was 62%.

NKORA

Nkora Mini-HPP is located in Gasagara village, Nkora cell, Kigeyo sector, Rutsiro district; in the Western Province of Rwanda.

The second largest of ECTL's HPPs.

Nkora became operative in 2011 with an installed capacity of 0.7MW.

Capacity factor in 2020 was 57%.

CYIMBILI

Cyimbili Mini-HPP is located in Cyimbili cell, Kigeyo sector in Rutsiro District; in the Western Province of Rwanda.

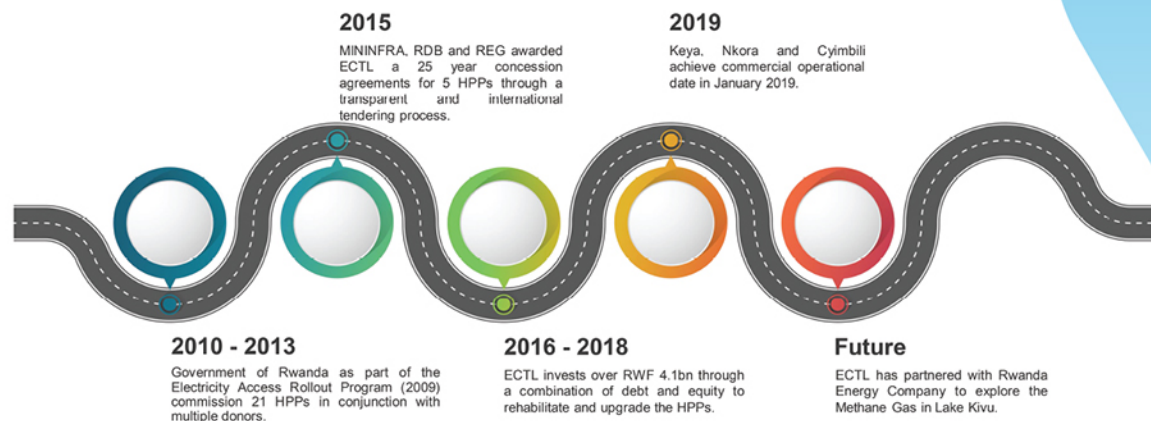

The third largest of ECTL's HPPs.

Cyimbili became operative in 2011 with an installed capacity of 0.3MW.

Capacity factor in 2020 was 61%.

Our Journey

We are an established, ambitious company with a stellar track record.

Following the Capital Market Authority (CMA) approval to issue and list a long-term fixed rate Corporate Bond on Rwanda Stock Exchange (RSE), in August 2021, ENERGICOTEL has officially commenced its trading on the RSE Bond market.

Last but not least, ENERGICOTEL PLC (ECTL) in partnership with Rwanda Energy Company (REC), a subsidiary of Rwanda Investment Group (RIG), formed MAGMA Energies LTD which is a Special Purpose Vehicle (SPV) for the joint development of Methane Gas Resources.

The objective being to extract the methane gas from Lake Kivu and to transform it into Electricity.

In the pipeline, ECTL has various Energy Projects, all in the Renewable Energy Space, at different stages of the project development cycle in Rwanda, Zimbabwe, Kenya, DRC and Malawi.
